ABOUT ME

Graphic designer from Long Island University, looking for a creative advertising position. Reliable and hard worker with a passion for design, advertising, and web. I adapt well to any situation and team with strong social skills. Excellent at multitasking and dealing with strict deadlines, and enjoy challenges that can further my design abilities.

WORK EXPERIENCE

LIU Post - Teaching Assistant - Brookville, NY *January - May 2017*
Teaching Assistant for Website Development 1 – Helping students with coding HTML and CSS, including Bootstrap frameworks and JavaScript implementation.

Bigbuzz Marketing Group - Design Intern - Manhattan, NY *May - August 2016*
National advertising agency. I worked with website design, social media content, posters, and other marketing materials. Working closely with project teams, I also brought successful tweaks to the look of monthly social media marketing for their clients.

LIU Post - Lab Technician - Brookville, NY *January 2016 - May 2017*
Maintained over 100 workstations in the Digital Arts and Design program (including managing software, printers, and scanners).

ICA Matmästar'n - Grocery Sales Assistant - Östersund, Sweden *2010 - 2014*
Worked with general customer service, as a cashier, and replenishment – it taught me a lot about customer service & interaction.

Freelance Designer - Östersund, Sweden *2013 - 2014*
Reworked public image with call center solutions company LoxySoft, modifying their logotype and graphical profile. Also worked with our Regional EU Council to produce a logotype for the local Swedish EU election.

EDUCATION

Long Island University, Brookville, NY *September 2014 - May 2017*
Bachelors of Fine Arts in Digital Arts and Design
Cumulative GPA: 3.99 (Summa Cum Laude). Founding Member and Vice President of Sigma Alpha Epsilon. *Coursework include:* Advertising, Interaction Design, Website Development, Publication Design, Video, 3D Imaging & Animation, and Computer Layout.

SKILLS

- Wide-range of design skills ranging from visual design to website coding.
- Logical problem-solving mindset.
- Effective communicator.
- Highly technically proficient, can utilize both PC and Mac, with programs such as Autodesk Maya, Sketch, and all of Adobe Creative Suite – specializing in Photoshop, Illustrator, and InDesign.

LANGUAGES

Fluent in Swedish and English.
